EMERGENCY AFTER HOURS INSTRUCTIONS

If you are experiencing a crisis or emergency after hours please call the office phone (208) 304-4123. If there is no response within 15 minutes, please call again. If your emergency is life threatening and needs immediate response please call 911 rather than the office number, or seek medical attention at the nearest emergency room. If you have non-emergency after hours questions or need to cancel an appointment please leave a message.

Thanks,

Tatum Miller, LCPC, ATR-BC

_____ I have received a copy of the after hours emergency instructions.

_____ I understand, and agree to follow the after hours emergency instructions.
